# NAN BAILEY

Nora was born on the 30th December, 1915 in Co. Durham and was one of nine children. Life in the mining community was hard, made all the more so as this was during World War I. However, Nora was a bright girl and always proud of the fact that she was the only girl in her year to make it to Grammar School. Work was hard to come by so at the age of 15 years she left home and travelled to Buxton and found work as a kitchen maid to a wealthy family.

It was here she met Leonard Bailey, an errand boy for a local grocer, and in the true Catherine Cookson style they fell in love and married in June 1936. By this time Nora had become a cook to the family and this was where her love of food began. Their two daughters, Norma and Elizabeth, were born during World War II. Once again life was not easy and dealt some hard knocks. Leonard was involved in a quarry accident in 1945 and left disabled. He died suddenly in 1978.

Over the next 30 years, Nora devoted herself to her family - by now, 5 Grandsons and 7 Great-Grandsons. She loved nothing more than cooking or spending the day baking for them. She died in 2008 after a short illness at the age of 92 years.

Nan obviously passed her love of food to her Grandson Dave and in turn, her Great-Grandson Tim, who loved excessive amounts of Nan-Nan's Parkin. Too young to sample Nan-Nan's favourite tipple, Baileys, Tim has since created this drinks menu and in honour of her:

Switzerland

Brewed by the Locher family at the foot of the Swiss Alps using only the purest water, 1936 is an ultra clean, crisp, fresh golden lager with a slight sweetness. 1936 lager is brewed with the softest water sourced within the Swiss Alps. The water used to brew 1936 Bière filters through the Swiss Alps, taking up to 25 years to reach the source. This unique water is combined with Swiss hops and golden barley grown at high altitude on the mountains - to create a beer totally free from artificial preservatives or additives. Long famous for its innovative prowess in the development of new beers, the 1936 brewery also leads in the field of climate protection.

MORITZ
THE FIRST BEER
IN BARCELONA
SINCE 1856

Moritz was founded in 1856 by Louis Moritz. In 1864, the company moved to a larger facility at the nearby Ronda de Sant Antoni. This factory was in use for a century and was closed in 1966 - when the company bought land for a new factory to meet growing demand. However, with the energy crises that emerged in the 1970s, the company was unable to avoid being dissolved in 1978. In 2004, the descendants of the Moritz family relaunched the brand with much success. In 2009 the company reopened the famous Bar Velódromo in Barcelona and in 2011 reopened the Moritz Factory.
